EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the second line of the new paragraph added after the title on page 1 by the amendment filed 16 March 2004, add after "2001", --- , now abandoned. ---

2. The following is an examiner's statement of reasons for allowance: The limitation of the claimed invention to an aliphatic diisocyanate to make the urethane for the sandblasting mask narrows the scope of method claimed to exclude the methods of Hiroo et al.

3. The Declaration under 37 CFR 1.132 filed 15 November 2004 is insufficient to overcome the rejection of claim 10 based upon Hiroo et al as set forth in the last Office action because: the comparisons set forth are not with the compositions of Hiroo et al. The binders used the Declaration were not those used by Hiroo et al in that styrene was not used as the benzene ring containing monomer nor is a copolymer of acrylonitrile used. In view of applicants' amendment making such a showing unnecessary, this statement is made to clarify the reason for allowance of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
